**We put HEALTH & WELL BEING at the heart of everything we do.**  
 Striving towards an inclusive and nurturing environment for all.

**The Six Principles Of Nurture**

1. Children's learning is understood developmentally
2. The environment offers a safe base
3. The importance of nurture for the development of wellbeing
4. Language is a vital means of communication
5. All behaviour is communication
6. The importance of transition in children's lives

## Meadowburn Early Years Centre Curriculum Rationale

### Partnerships

The relationship of every child with themselves, their parents/carers, family and wider community are valued.

**Parent/Carer Partners**

We are committed to working in partnership with parents/carers to provide high-quality learning and play opportunities for children. We believe that children benefit most from their early years' experiences when we work in partnership.

**Community & Agency Partners**

We place a great deal of importance in our children having access to the local community. This is done by:

- Local walks
- Trips and visits
- School and nursery links

Agency partners, such as Health Visitor, provide valuable guidance and support to families, children and staff during children's early years

### Play Pedagogy

**Our Vision**

To create a warm, friendly and nurturing environment, where everyone feels welcome and included.

To inspire a love for learning, by creating an ethos where individual ideas, skills and achievements are valued and celebrated.

**Our Values**

Kindness, Inspiration, Care, Respect, Co-operation

**Responsive & Nurturing Learning**

By observing children carefully we facilitate and guide learning, supporting and extending interests

**Our Principles**

Fun, Challenge, Breadth, Depth, Enjoyment, Variety, Choice, Skills development, Individuality & Achievement

### What makes Meadowburn Unique?

### Curriculum

**Curriculum for Excellence**

There are eight curriculum areas....

- Literacy
- Numeracy
- Expressive Arts
- Health & Wellbeing
- Sciences
- Technologies
- Social Studies
- Religious & Moral Education

Curriculum for Excellence emphasises the importance of nurturing learners to help them develop the knowledge and skills they need for positive mental, emotional, social and physical wellbeing at nursery, in their everyday lives which will be sustained into adult life as....

### The right's of the child

**Article 3 – The Best Interests of the Child**

Getting it Right for Every Child recognises that children's best interests, as described in UNCRC, are achieved by taking into account all factors that shape their wellbeing.

**We are a Right's Respecting Nursery**

Article 12 – when adults are making decisions, children have the right to say what they think should happen and have their opinions taken into account

Children's voices and opinions are heard and valued, they are treated with dignity and respect.

Article 31 – children have the right to play and rest

Children have choice in their play and learning and can access a variety of experiences in their day.

### Sustainability

**We are an Eco Schools Green Flag awarded nursery**

Through gardening, exploration and play outdoors children develop an understanding of the natural world, begin to appreciate its beauty and learn to take care of it.

**Actions & Achievements**

- Sensory Garden
- Orchard
- Recycling and reusing
- Saving energy
- Community links
- Forest school
- Litter picking
- Daily mile
- Charity donations
- Daily outdoor play
- Looking after the environment and living creatures

Our journey continues

### Outdoor play & learning

Children have daily opportunities to participate in outdoor play and learning. They can access a variety of experiences within any three of our outdoor areas.

Children have the freedom to explore and investigate, developing curiosity and imaginations. They develop co-operation skills, managing risk and problem solving.

**Froebel and the nursery garden**

The garden was central to Froebel's idea of 'kindergarten'. It was a place where young children could grow and learn at their own pace with adults who cultivated their learning just as good gardeners nurture young plants. Froebel saw children as active, curious, creative learners. He considered that children learn best through self-activity, rich first-hand experience, problem-solving, play and talk. They thrive when they are emotionally secure, joyful and in close relationships with others.

**Outdoor play and Exploration A Froebelian Approach**
